

Specialty Drugs are high cost medications that treat disease states such as Multiple Sclerosis, Cancer, HIV, Rheumatoid Arthritis, etc. These drugs may require special handling and are therefore only dispensed at specialty pharmacies.

Noble Health Services is ProAct's Preferred Specialty Pharmacy. With Noble, you will have access to disease trained pharmacists and emergency on-call support 24/7/365. Noble will help you understand your disease state so that you can achieve the best results and maintain optimal long-term health. Through their unique specialty programs, they educate every patient on how to safely take their medication(s) while monitoring for any inappropriate drug interactions. Noble will also work on your behalf to obtain co-pay assistance to reduce your out-of-pocket expenses. You can contact Noble Health Services by calling **(888) 843-2040** or by visiting **www.noblehealthservices.com**.

Alternatively, your doctor may specify a particular specialty pharmacy within our network based on preference.

Frequently Asked Questions

How does the plan work?

1. When you receive a prescription from your doctor take it to your local pharmacy to be filled.
2. When you drop off the prescription, make sure you give the pharmacy employee your new Rx ID card.
3. The pharmacist will fill the prescription, give you the medication, and charge you the appropriate co-pay.

Where can I get my prescription filled?
